Web Site: www.caci.dz

Accepts ATA Carnets For :

Commercial Samples, Exhibitions and Fairs, Professional Equipment

Carnet Advisory:

Carnets are typically limited to six months from the date of importation. If a longer period of time is required, and to avoid penalties, request an extension or re-export the goods prior to the six-month time limit.

Professional equipment excluded (based on Article 1.3 of Annex B2 of the Istanbul Convention) include:

- **equipment which is to be used for the industrial manufacture or packaging of goods.** Such exclusion does not affect, for example, equipment necessary for the assembly of a machine or plant which is imported disassembled for convenience of transport.
- **equipment which is to be used for the exploitation of natural resources** except for hand tools for which temporary admission has to be granted.
- **equipment which is to be used for the construction, repair or maintenance of buildings,** except for hand tools for which temporary admission has to be granted.
- **equipment which is to be used for earth-moving and like projects,** except for hand tools for which temporary admission has to be granted. **The term "like projects" covers projects normally known as public works such as the construction, repair or maintenance of dams, gasworks, waterworks, bridges, harbours, roads, canals or tunnels.**

Web Site: atachina.org

Accepts ATA Carnets For:

Exhibitions and Fairs

Carnet Advisory:

ATA Carnets travelling to China should be completed in English and accompanied by a translation of the general list in Chinese.

Customs clearance of unaccompanied goods under cover of ATA Carnets will have to be carried out at the entry and exit of the Chinese Customs territory by a licensed agent or a company qualified by Chinese Customs to perform such activities.

For ATA goods, transported as freight goods, broker shall contact with CCPIT/CCOIC for electronic data registration before declaring to China Customs. For hand-carry goods, holders may undergo paper verification by China Customs firstly, and then go to CCPIT/CCOIC for electronic data registration in the following three working days. The contact numbers of the 2 branch offices located in Beijing (Terminal 3 and Terminal 2) are the following: 86-10-64595422 64530430.

Carnets are typically limited to six months from the date of importation. If the time limit endorsed by customs at the time of entry is insufficient, request an extension no later than 30 days prior to the expiry of the prescribed time limit. Failing to comply may lead to a rejection of the application and/or financial penalties.

Vehicles temporarily imported into China under cover of ATA Carnets must be re-exported after the exhibitions or fairs, unless getting an import license issued by the Ministry of Commerce of the P. R. China. Used vehicles or right rudder vehicles need to get approval before temporary importation.

Effective October 1, 2014, only items to be exhibited in public exhibitions will be accepted; goods to be exhibited in stores will no longer be accepted. A letter of invitation from the exhibition organizer will be required to be attached to the ATA carnet.

ISRAEL (IL)

FEDERATION OF ISRAELI CHAMBERS OF COMMERCE

84 Hahashmonaim Street | P.O. Box 20027 | Tel-Aviv 61200
Tel: (972-3) 563 10 09 or (972-3) 563 10 10 | Fax: (972-3) 562 89 10
Web Site: www.chamber.org.il

Accepts ATA Carnets For:

Commercial Samples, Exhibitions and Fairs, Professional Equipment

Carnet Advisory:

In order to obtain the relevant approval for the import of any broadcast or communication wireless equipment (excluding those listed below), carnet holders need to apply to the Israeli Ministry of Communication. Contacts: Hezi Naor - 972 03 5198266 or Moshe Galili - 972 03 5198281/2. (Feb.2003).

1. Cellular phones included in the list published by the Israeli Ministry of Communication;
2. Computerized communication equipment at 2.4 GigaHz only;
3. G.P.S. receivers for geographical measurements.

The temporary import of "Amusement Park" devices of all kinds requires the approval of the Standards Institute of Israel. Carnet holders can apply directly to Mr. Tal Kahane - Tel: 972-3-6465154/Fax: 972-3-6465058. This applies to devices classified under tariff no. 95.04 and 95.08. (Jan. 2006)

Effective January 15, 2015, a new regulation concerning diamonds imported under cover of ATA carnets entered into force. In this context, the carnet holder has to:

- Approach the red ('Goods to Declare') Customs line to register, pack the goods into a secured plastic bag and have the carnet validated.
- The imported diamonds are then transferred to a representative of one of the three authorized secured forwarders for customs clearance: D2D, Malca-Amit and Brinks.
Note: It is the responsibility of the traveler to schedule the meeting with a representative of the selected secured forwarder at Ben Gurion Airport.
- The forwarder's representative will proceed with customs release at the Diamond Exchange located in Ramat Gan (only port entitled to release diamonds).
- After clearance, the diamonds are returned to the carnet holder.

If importing jewelry and watches of any kind, photos must be attached to the carnet. (May 2006).

Replacement carnets to extend the validity of an existing carnet are not accepted by Israeli customs.

Web Site: www.unioncamere.it

Accepts ATA Carnets For:

Commercial Samples, Exhibitions and Fairs, Professional Equipment

Carnet Advisory:

The following are special information and practices gathered from Italy in regards to the handling of ATA Carnet operations during the problematic outbreak of COVID-19.

The Italian NGA suggests two options for expiring ATA Carnets:

1. use replacement ATA Carnets;
2. request an authorisation of delayed re-exportation.

1) As regards the first advice, the replacement ATA Carnet has to be issued and taken in charge by the Customs offices (country of departure and Italian Customs offices) strictly before the first ATA Carnet's expiration date in order to avoid any possible claim and demand of payment of import duties.

2) The instructions provided by Italian Customs allows to postpone the re-exportation operations of one month after the ATA Carnet's validity date.

Holders who have ATA Carnets on the point of expiring, could send to the Italian NGA a request to authorise the re-exportation specifying that the delay is caused by the current epidemic situation.

The data needed is:

- ATA Carnet number;
- date of validity;
- name of the Customs office where the formalities should be accomplished.

The demands have to be sent to the following address: estero@legalmail.it.

If importing jewelry, it is highly recommended to append identifying photographs to the general list. (June 2002).

In case Carnet holders/representatives leave Italy via an inner Customs office, the inner Customs office will use transit vouchers and counterfoils instead of the re-exportation ones to clear the temporary importation. In compliance with these provisions, the

counterfoil showing transit discharge (operation effected by an office located in Italy and/or EU border) will be accepted as the proof of re-exportation.

ATA Carnets can be used by carnet holders or authorized representatives. The name of the authorized representative should be printed in the Box B of the carnet's cover and vouchers, otherwise a Power of Attorney (PoA) issued by the holder to the representative is required at the border. The PoA needs to be stamped by the Issuing Association (IA) unless the box B is clearly filled with 'Any Authorized Representative'.

Web Site: www.carnetatamexico.com.mx | <http://carnetatamexico.com.mx/home/us/>

Accepts ATA Carnets For:

Commercial Samples, Exhibitions and Fairs*, Professional Equipment

(* reservation with regard to the collection of import duties on samples)

Carnet Advisory:

Mexican Customs limits importations to six months only. This period can be extended for a further six months, provided the request is made before the expiry of the first six-month period.

Holders must also inform the Mexican Customs Authority of their intention to use their carnet(s) in Mexico **before their arrival on the Mexican Customs territory**. To that end, use the ATA carnet registration system accessible at: www.CarnetATAMexico.com.mx/ata

The following information must be entered into the system:

1. Type of ATA carnet (original, duplicate, replacement)
2. ATA carnet number
3. Substitute/replacement ATA carnet number (if applicable)
4. Name of the guaranteeing organization
5. Holder's name as per Box A of the green cover
6. Authorized representative's details as per Box B of the green cover
7. Date of issue/Date of expiration of the carnet (year/month/day)
8. Intended use of the goods (as indicated in Box C of the carnet)
9. General description of the goods
10. Total number of goods/items as per column 3 of the general list
11. Total value of the goods as per columns 5 of the general list
12. Means of transportation (sea, air or road)
13. Purpose of visit to Mexico

To avoid severe penalties for failing to re-export goods within the six-month time period, contact CANACO **one month** before the deadline explaining the reason for the extension approval request. Attached to the letter should be an electronic copy of the green cover of the carnet, the general list of goods and the importation counterfoil. The letter is to be e-mailed to:

- (mcavendano@camaradecomerciodemexico.com.mx; or
- dirgral@camaradecomerciodemexico.com.mx)

In addition, to obtain clearance of the goods outside the six-month period, the holder must contact CANACO which will inform Mexican Customs that the goods can be cleared. An administrative fee would apply.

CANACO has a registry of companies in Mexico that offer services for the importation and re-exportation of carnet goods that enter the country by cargo or through the services of a freight forwarder (it does not apply to foreign companies directly importing or re-exporting their goods under cover of ATA carnets – passengers' area). The Mexican company would be responsible for sending the prior notification to CANACO (not the carnet holder). The list can be accessed via <http://carnetatamexico.com.mx/home/padron.php>.

For a listing of the Mexican Customs offices entitled to handle ATA carnets, please consult with your Carnet Services Representative.

Customs offices

ATA carnets are accepted at all ports and airports where Customs facilities for the clearance of goods, passengers and baggage are provided.

Anyone entering or departing United Kingdom via Dover, Euroshuttle or Holyhead should be aware of the inland sites that have been introduced to take the pressure away from the ports. These sites can process ATA Carnets, CITES, TIR and CTC documentation:

<https://www.gov.uk/government/publications/attending-an-inland-border-facility/attending-an-inland-border-facility>

<https://www.gov.uk/guidance/moving-goods-through-the-port-of-dover-and-eurotunnel-with-an-ata-carnet>

For traffic over the land boundary between the Republic of Ireland and Northern Ireland, the normal hours of opening are 09.00 – 17.00 hours. Any ATA Carnets entering or leaving the United Kingdom via Northern Ireland, should be endorsed in Northern Ireland.

Special observations
