ABACUS DATA

DETAILED RESULTS

RETURNING TO THE WORKPLACE WHAT WILL GET WORKERS TO FEEL SAFE?

CONDUCTED FOR THE CANADIAN CHAMBER OF COMMERCE

**RESEARCH AND ANALYSIS FROM CANADA'S LEADING PUBLIC
AFFAIRS AND MARKET RESEARCH EXPERTS**

METHODOLOGY

The survey was conducted online with 1,056 Employed Canadian adults, from March 25 to 30, 2021. A random sample of panelists were invited to complete the survey from a set of partner panels based on the Lucid exchange platform. These partners are typically double opt-in survey panels, blended to manage out potential skews in the data from a single source.

The margin of error for a comparable probability-based random sample of the same size is +/- 3.02%, 19 times out of 20.

The data were weighted according to census data to ensure that the sample matched Canada's population according to age, gender, educational attainment, and region. Totals may not add up to 100 due to rounding.

TYPE OF WORKPLACE

What kind of workplace do you work in most of the time before the pandemic started and would work when things get back to normal? Select all that apply to you

WORKPLACE VS. WORKING FROM HOME

■ I am going into my workplace most of or all of the time

■ I am going into my workplace about half the time and working from home for half

■ I am working from home most of or all of the time
