TELEPHONE NUMBER	TELEPHONE NUMBER
ALTERNATE TELEPHONE NUMBER	ALTERNATE TELEPHONE NUMBER
EMAIL ADDRESS	EMAIL ADDRESS
EMERGENCY CONTACT INFORMATION - I	DIAL 911 IN AN EMERGENCY
NON-EMERGENCY POLICE	ELECTRICITY PROVIDER
NON-EMERGENCY FIRE	GAS PROVIDER
INSURANCE PROVIDER	WATER PROVIDER
POISON INFORMATION CENTER	OTHER (E.G., PROPERTY MANAGEMENT)
OTHER (E.G., PROPERTY SECURITY)	OTHER (E.G., IT SUPPORT CONTRACTOR)
OTHER (E.G., BANK AGENT)	OTHER
OTHER	OTHER

Step 2: Business Continuity and Recovery Planning Team

The following people will participate in business continuity and recovery planning.

NAME	POSITION	EMAIL

Coordination with Others

The following people from neighbouring organizations, businesses and our building management will participate on our emergency planning team.

NAME	ORGANIZATIONS/BUSINESS	EMAIL

Meeting Schedule

The emergency planning team will meet on a regular basis.

DATE	LOCATION	TOPIC

This information should be included in your Emergency Preparedness and Response Plan, however reiterating key potential hazards in your Business Continuity and Recovery Plan will help you focus on the types of incidents from which you may need to recover. Make sure to look inside and outside your organization as well as the surrounding community. Ask yourself questions like: How do I get in and out of the area? How do my staff, suppliers, and clients/constituents get in and out of the area? What should I be concerned with that could interrupt the organization?

The following disasters could impact our operations.

EXTERNAL (earthquake, fire, power outage, flood, disease, vandalism, etc.)
INTERNAL (fire, flood, theft, data management, power outage, disease, etc.)
INTERNAL (fire, flood, theft, data management, power outage, disease, etc.)
INTERNAL (fire, flood, theft, data management, power outage, disease, etc.)
INTERNAL (fire, flood, theft, data management, power outage, disease, etc.)
INTERNAL (fire, flood, theft, data management, power outage, disease, etc.)
INTERNAL (fire, flood, theft, data management, power outage, disease, etc.)
INTERNAL (fire, flood, theft, data management, power outage, disease, etc.)
INTERNAL (fire, flood, theft, data management, power outage, disease, etc.)
INTERNAL (fire, flood, theft, data management, power outage, disease, etc.)
INTERNAL (fire, flood, theft, data management, power outage, disease, etc.)

If these items are taken away, it would drastically affect or harm your organization or cause a major disruption to operations. What does your organization need to operate?

PEOPLE (employees, consumers, donors, board members, clients/constituents, key volunteers, etc.)		
BUILDING (physical structure, storage unit, satellite office, main office, storefront, capital lease, etc.)		
COMPUTER EQUIPMENT (computers, software, servers/network, specialty tools, copiers, etc.)		
DATA (documents, payroll, files, records, server backup tapes, etc.)		

INVENTORY/PRODUCT (stock, supplies	, new materials, etc.)
OPERATIONS (any disruption to ops, acco	unts receivable/payable, payroll, mailroom, etc.)
VALUABLE CONTENTS (artwork, valuable	e collectables, etc.)
BOOKS AND RECORDS (vital records, page)	ayroll information, etc.)
EQUIPMENT (HVAC, kitchen equipment, au	diovisual equipment, specialty tools, copiers, etc.)

por equipment, signage, etc.)
por equipment, signage, etc.)
por equipment, signage, etc.)
oor equipment, signage, etc.)

Identify operations that are critical for your organization's survival. How will you continue to perform these functions in a disaster situation? What operations are necessary to fulfill legal and financial obligations? Which are necessary to maintain cash flow and reputation? What operations does your organization provide to others (i.e. shelter, day care, spiritual guidance, food, etc.)? In the event of a disaster, will people be congregating at your location needing assistance?

PROCEDURES TO RESTART OPERATION AFTER MINIMAL DISASTER IMPACT: If a disaster causes negligible or marginal impact on operations, these procedures will help to restart the operation in the same location.

PROCEDURES TO COMPLETELY RESTORE OPERATION AFTER SIGNIFICANT DISASTER IMPACT: If a disaster causes critical or catastrophic impact on operations, these procedures will help to restore the operation in the same location, an alternate location, or a new location.

Use this form to:

- Log your computer hardware serial and model numbers. Attach a copy of your vendor documentation to this document.
- Record the name of the company from which you purchased or leased this equipment and the contact name to notify for your computer repairs.

Make additional copies as needed. *Keep one copy of this list in a secure place on your premises and another in an off-site location.*

SOFTWARE INV	/ENTORY					
NAME OF SOFTWARE	VERSION	SERIAL / KEY NUMBER	DISC OR DOWNLOAD	DATE PURCHASED	COST	

Data security and backup should be an ongoing process; however, it is crucial before a disaster. If you use a contractor for your IT support, they should be included in your business continuity and recovery planning. Identify the records that are essential to perform your critical functions. Vital records may include employee data, payroll, financial and insurance records, customer data, legal and lease documents. Are any impossible to recreate? Are copies stored offsite?

Determine if it is possible to set up an alternate or temporary location if your primary site is unavailable. Would this site become your new primary site? Do you have multiple locations in which you can condense work operations? How much work can be done virtually? Does your organization have options for relocation in the same complex? Would a work-from-home strategy work for your organization? What pre-agreements would you need for these options?

You can assume that not every key person will be readily available or physically at the facility after an emergency. Ensure that recovery decisions can be made without undue delay. If relevant, consult your legal department regarding laws and corporate bylaws governing continuity of management.

Establish procedures for:

- Assuring the chain of command
- Maintaining lines of succession for key personnel
