Accepts ATA Carnets For:

Commercial Samples, Exhibitions and Fairs, Professional Equipment

Carnet Advisory:

National guaranteeing organizations must advise their holders wanting to use their ATA Carnet in Türkiye that they must inform the Turkish Customs authority of their intention to visit Türkiye before their arrival on the Turkish Customs territory. Turkish ATA Carnet registration system available on this Website: <https://uygulama.gtb.gov.tr/eATA/#/login>

Carnet holders are required to complete the electronic declaration in the Turkish ATA Carnet registration system prior to presenting the goods to Customs, both upon entry and into exit from Türkiye.

If not completed in advance (before arriving at the Custom Office), customs officers will fill in the declarations at the border where required, BUT which may take additional time.

Note: Ministry of Trade of Türkiye has introduced a new password-based login procedure for obligors/users accessing the registration system. As of 30 April 2026, users who wish to access the registration system are required to complete the following steps:

- 1) **Apply in person at Turkish Customs:** Users must apply directly to Turkish Customs in order to obtain their initial password.
- 2) **Contact authorized customs personnel:** The application should be made to either:
 - the contact service desk at the customs office, or
 - customs personnel authorized as an inspection officer.
- 2) **Submit required user information (one-time registration):** For the initial registration, users must provide:

1700 - 275 Slater Street

560 - 999 de Maisonneuve Blvd. West

901 - 55 University Ave.

User identification information to be used for system login:

- National ID number, or Tax number, or Passport number, and
- E-mail address

3) **Password delivery:** After registration, the system will automatically send the password to the e-mail address provided by the user.

5) **Login to the system:** Users may log in to the e-ATA/TR system using: the registered user information (ID/Tax/Passport number), and the password received by e-mail.

6) **Password change:** After the first login, users may change their password directly within the application.

For any questions related to the registration system, please contact TOBB directly.

2. Use of Carnets by representatives

If a representative (e.g., driver) handles customs formalities, the registration must be completed with the representative's own details.

The representative must be listed in the ATA Carnet's representative section.

If a representative is not clearly indicated in Box "B", the attached Power of Attorney must be submitted together with the ATA Carnet as filled and signed/stamped by the carnet holder and signed and sealed by the Issuing Chamber, Embassies/Consulates or Notaries. It is advised to use the standardized template of the **Power of Attorney**.

Please see here for the PoA:  [Power of Attorney TR.pdf](#)

The **TR ID/TIN field is automatically deactivated** and cannot be filled in, and this does not create any obstacle for foreign carnet holders.

In the event of infringement of the temporary importation procedure, severe penalties may be applied by Turkish Customs. For additional information, contact your Carnet Services Representative.

According to Turkish Customs' requirement, all general lists must be provided digitally. To facilitate the declaration, holders are advised to save their carnets' general list as an Excel file on a USB stick and to provide this file to Turkish Customs upon request.

When the temporary importation procedure is carried out by a representative, the said representative must sign Box 'F' (temporary importation declaration) of the importation voucher. Moreover, the name of the holder's representative in Turkey must be clearly indicated in Box 'B'(represented by) of both the importation and re-exportation vouchers which will be processed by Turkish Customs. If a representative is not clearly indicated in Box "B" a power of attorney must be submitted together with the ATA Carnet as filled and signed/stamped by the carnet holder and signed and sealed by the Issuing Chamber, Embassies/Consulates or Notaries."

Extension of the temporary admission period: a six-month period is usually granted for the final re-exportation of the goods from Türkiye. If the carnet holder requires an extension of the stay of

the goods in Türkiye, such extension can be granted by Turkish Customs up to the date of validity of the Carnet

With regard to professional equipment, Turkish Customs require the carnet holder (or his/her representative(s)) to hold a foreign passport.
